Senator Susan Collins  
413 Dirksen Senate Office Building  
Washington, DC 20510

Dear Senator Collins:

Thank you for standing up for the millions of Americans who rely on Planned Parenthood for their primary and preventive health care. Your leadership and voice of support during the FY11 continuing resolution debate was essential to defeating the most dangerous legislative attack in our 95-year history. With your help, Planned Parenthood survived and emerged stronger than ever.

For so many Americans, Planned Parenthood doctors and nurses are the only health care providers they see. Ensuring that millions of women can obtain health care from their trusted provider is what mainstream Americans want, expect, and deserve.

We could not have done it without you. I am grateful for your tremendous leadership and partnership, and I look forward to working together in the future.

Warm Regards,

*Cecile Richards*
